

*Welcome all cruisers
of yesterday, today
and tomorrow.*

Welcome to
ladycharli.com
Cruiser's Own Web Pages

Webpage Information/Guide

The yearly fee of US\$50, includes:

1 Webpage for the period of 1 year.

The webpage will be separate and open with it's own browser panel, it will be advertising free, and will contain only links specified by the purchaser. This includes any updates and site maintenance for this period.

Design and Layout.

This is the Header Design and Body Layout. The page design will be a maximum of 750 pixels wide to accommodate the best view with a 15" monitor, the length is variable - depending on the amount of the content. We will implement any ideas that you have for the header design, background, and body layout.

Up to 5 email addresses.

Some examples would be toucan@ladycharli.com, freespirit@ladycharli.com or andy@ladycharli.com. Any email sent to your new addresses will be automatically forwarded to any email address of your choice. This would be where you normally go to receive your current email. Therefore you would not have to change the email setup that you currently have, or have to notify your friends and family of any email changes.

Up to 5 autoresponders.

Each of your email addresses can have a personal autoresponder - immediately after somebody fills out your email form or sends you an email via your webpage, the autoresponder will automatically send them a response email. If you wish to use the autoresponder a small message text must be supplied for each one.

Up to 5 Hyperlinks.

Hyperlinks are highlighted text or pictures that when clicked on with the mouse will connect to a specific item, they can be connected to a text file, web address, email address or even a music file.

1 contact form.

The contact form can be modified for your requirements, for example, you may want to ask for a phone contact, a amateur radio call sign, a postal address or a country. Please supply a list of form "fields" that you need.

A maximum of 20 photographs per Webpage.

Please scan all photographs in the following format: Scanned no greater than 200 dpi (144 to 200 is just fine) the final resolution used is 72 dpi (screen resolution), but if there is some cropping to do it allows some leeway. .jpg file format compressed about 50 % is preferred. We can crop them and adjust them for brightness and contrast. Due to time constraints we cannot offer a photo album feature, we suggest that if you already have this feature on the internet, then supply us with the URL (Internet address) and we will put a link to it from your webpage.

A maximum of 2,500 words in the body of the Webpage.

This limit does not include linked text files/articles which can be separate. Please supply body text or text files/articles in the format of .rtf or .doc files.

Text and Photographs can be sent electronically as an email attachment (max 2mb per email), instructions, details and special requests can be emailed to charli@ladycharli.com or toucan@ladycharli.com

Terms and Conditions

Payment can be made through PayPal. This is an internationally recognized **secure** credit card payment system. Payment must be made before any work on your Webpage starts. We cannot offer any refund once the design/layout work is finished. Invoices will be issued in an electronic format to the address provided. Subsequent Invoices will be issued 1 month prior to any due date. We reserve the right to change the Terms and Conditions without issuing prior notice. These Terms and Conditions do not affect your Statutory Rights.
